News from Montgomery School

Montgomery School is looking to start up a YMCA before and after school childcare program for September. This can be used on a full time, part time or casual basis. Please contact the school at 683-7370 for more details.

Science Trek is a new program at Montgomery School for grade 8 students. Students from the Saskatoon Public School Division applied and were chosen to be a part of this program. There are 28 students enrolled in this science based class and recently a group of girls placed first at the Cameco Spectrum 2007 Exhibition at the U of S. They received a perfect score for their project from a panel of engineering professors.

The Saskatoon Public School Board would like to hear "storm stories" from parents regarding how the situation on January 10th was handled at the various schools. If you have a good or bad experience to share, please submit it to Bruce Waldron at bwaldron@sasktel.net

Indoor track results are in and Montgomery Track teams have done well! The under 13 girls placed 3rd at the Sled Dog Meet in January and the under 11 boys team placed 1st at the Knights of Columbus Games in February.

Other programs underway are Basketball, sign language club, choir, handbell choir and most recently, Jazz band.

Our annual Family Bingo Night has been tentatively set for Friday, April 20th -- more info to follow at a later date.

Montgomery Place had an amazing history that needs to be told!

A community play about the people who have made up this community over the years. I need your Help!

Over the course of the next six months I will be developing a theatre project that is intended to tell the story of Montgomery Place and the People in it. As residence of this area I need your help in the collection of information and in the writing and performance of this play about your neighborhood.

You can get involved in this project in many ways: Help in the writing of a play about the area by attending workshops on the play.

Help by emailing me your stories about Montgomery Place and the people who have made it home over the years
Send me copies photos of Montgomery Place and its residence. Send me any ideas about the project

Clare Middleton at 651-3978 or email her at

middletonclare@yahoo.ca

This project is to conclude with a public presentation of the play and we will need your help in presenting it.
Please join me in telling the story of Montgomery Place!

Remember to check out the Community web site:

www.montgomeryplace.ca

You will find photos from the 60th anniversary, archived newsletters. Some interesting information of Montgomery's history. Community watch information and some information that is not in the newsletter.

This report provides information on property crime for the previous month for your community. These statistics are collected through a city mapping system. Please be aware that the boundaries for your Community and the boundaries for the mapping system may not be identical and therefore some addresses in the Community Association Report may have been unintentionally included or excluded.

To understand your Community Association Report, it may be helpful to know that the statistics only reflect incidents reported to the Saskatoon Police Service, and not necessarily the total number of incidents, as many go unreported. To protect the identity of the victims, incidents are reported by the block in which they occurred and not by the specific address. A break and enter to a residence, includes a break and enter to an attached garage. A break and enter to other, includes a break and enter to an unattached garage or shed. Theft under, includes the offense of shoplifting from a business. Mischief includes the offenses of property damage and graffiti.
