

Before the Montgomery Place Paddling Pool

From Vivian and Sheila Sedgwick

When they were little, Vivian and Sheila liked to walk across the field and jump and play in the mud puddles on the way to visit Carters. Sheila remembers Mrs. Carter "as being very funny" and the kids in the area loved to gather at Carters.

Mom said "Don't get your shoes muddy."

So ... "We took them off! She didn't say anything about socks — Mrs. Carter washed them for us."
